

Fund update

Mercer NZ Shares Fund¹ Mercer Investment Funds

Quarter ending 31 March 2024

This fund update was first made publicly available on: 30 April 2024.

What is the purpose of this update?

This document tells you how the Mercer NZ Shares Fund has performed and what fees were charged. The document will help you to compare the fund with other funds. Mercer (N.Z.) Limited prepared this update in accordance with the Financial Markets Conduct Act 2013. This information is not audited and may be updated.

Description of this fund

The fund is a diversified portfolio of predominantly New Zealand shares across a range of industries and sectors. The fund may also invest in Australian shares. Environmental, Social and Governance characteristics are integrated into the underlying investment manager's investment process. The fund aims to provide a Gross Return² above the return of the S&P/NZX 50 Index (on a gross basis and including imputation credits) over a rolling three-year period.

Total value of the fund	\$11,877,497
The date the fund started	5 June 1995

What are the risks of investing?

Risk indicator for the Mercer NZ Shares Fund:

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at www.sorted.org.nz/tools/investor-profiler

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for 5 years to 31 March 2024. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the product disclosure statement (PDS) for more information about the risks associated with investing in this fund.

How has the fund performed?

	Average over past 5 years	Past year
Annual return³ <i>(after deductions for charges and tax)</i>	5.01%	1.08%
Annual return³ <i>(after deductions for charges but before tax)</i>	5.88%	2.36%
Market index annual return³ <i>(reflects no deduction for charges and tax)</i>	5.03%	2.75%

Annual Return Graph⁴

This shows the return after fund charges and tax for each of the last 10 years ending 31 March. The last bar shows the average annual return for the last 10 years, up to 31 March 2024.

Important: This does not tell you how the fund will perform in the future.

Returns in this update are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax may be lower.

What fees are investors charged?

Investors in the Mercer NZ Shares Fund are charged fund charges. In the year to 31 March 2023 these were:

	% of net asset value
Total fund charges	0.78%
Which are made up of:	
Total management and administration charges	0.78%
Including:	
Manager's basic fee (excluding GST ⁵)	0.75%
Other management and administration charges (including GST)	0.03%
Total performance based fees	0.00%

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the PDS for the Mercer New Zealand and Australian Shares Funds at www.disclose-register.companiesoffice.govt.nz for more information about those fees.

Small differences in fees and charges can have a big impact on your investment over the long term.

Example of how this applies to an investor

Ben had \$10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Ben received a return after fund charges were deducted of \$108.00 (that is 1.08% of his initial \$10,000). Ben also paid \$0.00 in other charges. This gives Ben a total return after tax of \$108.00 for the year.
